

Oksana Moroz

Front-end developer

I am a Front-end developer specializing in the creation of web applications. My primary goal is to actively participate in the development of innovative projects, continuously enhance my skills in web development.

My expertise lies in building responsive web applications using React, JavaScript, and TypeScript, with a strong foundation in HTML5 and CSS. My technical stack includes modern development tools like Redux for state management, SCSS module for styling. I have experience with version control using Git. I'm committed to writing clean, efficient code and staying current with front-end best practices. Additionally, I share my professional journey and technical insights through my Telegram blog "[MyFunction\(\)](#)".

Kyiv, Ukraine

SKILLS:

- Typescript, JavaScript
- React
- Redux Toolkit
- GitHub
- HTML5, CSS3, Sass (SCSS)
- BEM, Material UI, Tailwind
- Webpack/Vite
- SCSS module
- NPM

SOFT SKILLS:

- Attention to detail
- Creativity
- Critical thinking
- Teamwork
- Discipline
- Self-learning ability

LANGUAGES:

- English (Intermediate)
- Ukrainian (Native)

EXPERIENCE:

- **Front-end developer, Team Lead | Group project Apple catalog** October 2024 - Jan 2025

Technologies: React, Vite, TypeScript, Redux Toolkit, Redux Persist, SCSS modules, React Router, Scrum methodology

Responsibilities:

- Led the development of a multipage e-commerce website as Team Lead.
- Managed a team of developers, ensuring effective communication, task prioritization, and high-quality code.
- Organized work using Scrum methodology, planning 2-week sprints and coordinating tasks with a task board.
- Oversaw task distribution, conducted code reviews, and ensured consistent progress throughout the project.
- Emphasized best practices for state management using Redux and optimized the user interface with a mobile-first, responsive design approach.

- **Front-end developer | HLegal** October 2024 - Jan 2025

Technologies: Bootstrap, SCSS, JavaScript, Owl Carousel, Google Maps API

Responsibilities:

- Developed a responsive website for a law firm, utilizing Bootstrap for layout and SCSS for styling to ensure an aesthetically pleasing and functional design.
- Integrated JavaScript to add interactive elements, such as a contact form, Google Maps, and a carousel feature using Owl Carousel.
- Ensured cross-browser compatibility to deliver a seamless user experience across different platforms.
- Optimized the website's performance for both desktop and mobile devices, focusing on loading speed and responsiveness.

● React developer | Website

May 2024 - October 2024

Technologies: React, Redux Toolkit, SCSS, Figma, HTML, CSS

Responsibilities:

- Developed a landing page for a news portal from scratch.
- Collaborated closely with designers, translating Figma mockups into a responsive, user-friendly interface.
- Created multiple pages and functional modules, ensuring alignment with project requirements and goals.
- Ensured consistent and scalable styling across the project using SCSS.
- Focused on delivering a polished, responsive design that met both design specifications and functional requirements.

● Methodologist Teacher | Online School "Formula"

April 2014 - May 2024

- Successfully designed and conducted engaging online lessons that increased student participation and interest.
- Created individualized educational materials that contributed to improved student understanding and progress.
- Implemented adaptive teaching strategies that led to better learning outcomes among various students.
- Established strong communication with parents, providing regular updates on student progress and ensuring active involvement in the learning process.
- Recorded and published online explanations on the school's YouTube channel, allowing students and parents to conveniently review materials and revisit lessons at their own time.

● Commercial Director | Online Store "Tekstyl"

February 2013 - September 2020

- Successfully administered the website, regularly updating content with new products, descriptions, and images, leading to improved user engagement and increased sales.
- Developed and implemented effective pricing strategies and promotional offers, resulting in higher customer purchases and overall store growth.
- Optimized order processing and product delivery, ensuring timely shipments and enhancing customer satisfaction through fast and reliable service.
- Conducted data analysis to assess sales trends, customer preferences, and inventory needs, enabling informed decisions for strategic planning.
- Ensured high levels of customer satisfaction by promptly addressing inquiries and resolving issues, contributing to positive shopping experiences and repeat orders.
- Wrote articles for the website's blog, increasing page visits and attracting new customers, fostering interest in products, and building customer loyalty.

EDUCATION:

● Fullstack course at Mate academy

(Git, HTML, CSS, JavaScript, React, Redux Toolkit, Redux Persist, Typescript, Vite)
